

State and local Emergency Management officials, in cooperation with Millstone Power Station have developed response plans for those within an approximate ten-mile Emergency Planning Zone (EPZ) of the Millstone Station in Waterford. (Please see map). In the unlikely event of a significant radioactive release, protective actions will be directed by state and local officials.

These actions can include instructions to stay indoors or to evacuate to your town's host community reception center and/or to ingest one Potassium Iodide (KI) tablet. The recommended protective actions would depend on a number of factors, such as weather conditions and/or the duration of the emergency.

# Emergency Instructions

for Residents and Visitors in Case of Nuclear Power Plant Emergency  
for those in East Lyme, Lyme, Old Lyme, Groton City and Town,  
Ledyard, Montville, New London, Waterford, and Fishers Island, NY

## 1 You will be alerted by a siren.

An alert signal is a steady siren tone for 3 minutes or more from sirens or loudspeakers on emergency vehicles.

## 2 What to do when you hear the alert signal:

- Turn on your radio or television to any of the following stations and listen to the Emergency Alert System (EAS) for information

### Primary EAS Radio Stations

WTIC - 1080 AM 96.5 FM (Hartford)  
WDRC - 1360 AM 102.9 FM (Hartford)  
WCTY - 97.7 FM (Norwich)

### Local EAS Radio Stations

WNLC - 98.7 FM WICH - 1310 AM  
WSUB - 980 AM WNPR - 89.1 FM  
WKNL - 100.9 FM WQGN - 105.5 FM  
WXLM - 102.3 FM WBMW - 106.5 FM  
WPKT - 90.5 FM WIHS - 104.9 FM  
WLIS - 1420 AM WMRD - 1150 AM

### Local EAS TV Stations

WFSB - Channel 3 WVIT - Channel 30  
WTNH - Channel 8 WTIC - Channel 61  
WHPX - Channel 26

- You will be kept informed by local and state authorities as long as there is an emergency.
- Notify your neighbors of the alert, if at all possible, without using the telephone.
- Do NOT use your phone except for an extreme emergency.

## 3 If you're told to stay home and take shelter:

- Stay indoors and close all windows, doors, and fireplace dampers.
- Turn off all devices that draw in outside air, such as air conditioners and fans.
- STAY CALM. Keep tuned to the Emergency Alert System (EAS) for further instructions.

## 4 If you're told to evacuate:

- Refer to the MAP on the following page, to find the EVACUATION ROUTE to your reception center.
- STAY CALM. Keep tuned to the Emergency Alert System (EAS) for further instructions.

## What to take with you:

- Plan for at least THREE DAYS away from home.
- Pack the following items:
  1. Any medication you require including Potassium Iodine (KI) tablets which will also be available at the reception centers.
  2. Cash, checkbook, credit cards and important documents
  3. Baby supplies
  4. Clothing
  5. Toiletries (such as toothpaste, toothbrush)
  6. Blankets and pillows
  7. Portable radio, flashlight, batteries

## Before you leave home:

- Take the following precautions:
  1. Close all windows and drapes.
  2. Turn off all devices that draw in outside air, such as air conditioners and fans.
  3. Turn off all lights and electrical appliances (except refrigerator and freezer).
  4. Leave food and water for pets, or have other plans for their care. (Pets should NOT be brought to Red Cross shelters).
  5. Lock all windows and doors.
  6. Proceed CALMLY to your reception center. Emergency personnel will direct you along the evacuation route.
